Board of County Commissioners **Supplemental Information**

LEGISLATIVE ANALYSIS AND ECONOMIC IMPACT STATEMENT

RESOLUTION APPROVING THE USE OF LIVE ENTERTAINMENT AT BLACK POINT PARK AND MARINA, LOCATED AT 24775 SW 87TH AVENUE, IN COMPLIANCE WITH SECTION 33-303 OF THE CODE OF MIAMI-DADE COUNTY

I. SUMMARY

This resolution approves the use of live entertainment at the restaurant at Black Point Park and Marina.

II. PRESENT SITUATION

At the present time, Black Point Park and Marina has been cited by Team Metro for having live entertainment at Black Point Park without being zoned for it. Black Point Park sought an injunction in court which would allow them to continue to provide live entertainment until this item was approved. The injunction was not granted.

III. POLICY CHANGE AND IMPLICATION

This resolution approves the use of live entertainment at Black Point Park and Marina. It was approved by both the Biscayne National Park Buffer Development Review Committee and Community Council 15.

IV. ECONOMIC IMPACT

None.

V. COMMENTS AND QUESTIONS

None.

LEGISLATIVE ANALYSIS AND ECONOMIC IMPACT STATEMENT

ORDINANCE AMENDING SECTION 33-20 OF THE CODE OF MIAMI-DADE COUNTY, FLORIDA PERTAINING TO BOAT STORAGE; PROVIDING SEVERABILITY, INCLUSION IN THE CODE, AND AN EFFECTIVE DATE [SEE ORIGINAL ITEM UNDER FILE NO. 033194

Commissioner Joe A. Martinez

I. SUMMARY

Amends criteria for storage of boats in RU, EU, AU, and GU designated zoning districts.

II. PRESENT SITUATION

Sec. 33-20 of the Code of Miami-Dade County provides for boats of less than 26 feet in length, not more than ninety six (96) inches in width and thirteen (13) feet six (6) inches in height, to be stored in the RU, EU, AU and GU zoning districts with some restrictions. It also specifies the place of storage to be to the rear of the front building line.

III. POLICY CHANGE AND IMPLICATION

Item amends Sec. 33-20 to allow *boats of less than thirty (30) feet in length, not more than one-hundred and two (102) inches in width and thirteen (13) feet six (6) inches in height, to be stored in RU, EU, AU, and GU zoning districts with some restrictions including storage to the rear of the front building line on interior lot side-yard area and on corner lot side yard, behind the front building line provided that the boat is visually buffered by a six-foot wood privacy fence, masonry wall, trees or shrubs maintained to a height of six feet. (The front building line shall be the portion furthest from the street).*

IV. ECONOMIC IMPACT

No fiscal impact is anticipated at this time.

V. COMMENTS AND QUESTIONS

Similar items have come for consideration for approval by the Board of County Commissioners. Team Metro has been waiting for direction for enforcement of boats that exceed beyond 26 feet in length and those that are stored on the exterior side of corner properties and behind the front building line.

This item identifies boat storage only and does not address RV's.

Please see attached drawing provided by staff on the existing and proposed boat storage areas.

LEGISLATIVE ANALYSIS AND ECONOMIC IMPACT STATEMENT

RESOLUTION AUTHORIZING A CONTRACT MODIFICATION AND A REQUEST TO ADVERTISE FOR BIDS AND TO EXECUTE OPTIONS TO RENEW ESTABLISHED THEREUNDER FOR THE PURCHASE OF COMMODITIES AND SERVICES

Procurement Management Department

I. SUMMARY

Sec. 3.1

Requests Temporary Technical Personnel additional allocation for over 30 County departments.

II. PRESENT SITUATION

Currently, the budgeted existing allocations are not sufficient. The user departments are requesting additional allocations. The total request is for an additional \$9,330,188.78.

III. POLICY CHANGE AND IMPLICATION

The request is necessary for additional spending authority and a nine month extension of the current contract till December 31, 2004.

IV. ECONOMIC IMPACT

Increase of \$9,330,188.78 (or approx. 50% over the existing allocation of \$18,619,097.46), for a modified contract total of \$27,949,286.24. This item approves additional contract capacity, not the specific allocations given for each department. Thus, if a certain department needs more funds, it may be transferred from the allocation from another department.

V. COMMENTS AND QUESTIONS

Please see the attached information regarding temporary services employees. Also included is the breakdown of temporary employees by department.

This item has been discussed Governmental Operations and Environment agenda in February 10, 2004. However, the figures listed under Additional Allocation(s) and Modified Allocation(s) have not been updated since then. According to staff, there would be a charge of \$3,120 (\$78 per hour x 40 hours) and a wait of at least a week to obtain current figures and additional information.

Throughout the budget process, temporary positions are being reviewed and are being converted to permanent in some cases where the position has been filled for an extended period of time and there is not much of a monetary difference in the conversion.

Current Usage of Temporary Employees for Miami-Dade County

Summary

Based on the County's current usage of temporary employee services, the utilization of contractual temporary employees is more cost-effective than hiring full-time County employees with benefits. See attached spreadsheet on hourly comparison between *temporary employees* and *County employees with fringes, by contract*. However, this does not reflect the non-monetary, social benefits often associated with converting temporary employees to permanent full-time status, such as greater pride and dedication to the job.

Introduction

Temporary workers ("temps") are not limited to a single type of employment. They are found in almost all industries and occupations. Temporary workers fill different categories ranging from clerical, construction trades, health, and technology experts, etc. People accept temporary employment for a variety of reasons, such as to "get their foot in the door", for the valuable experience, flexibility, etc.

Temporary employees provide this service to Miami-Dade County via its temporary employee contracts. They provide often needed services to fill temporary vacancies, address seasonal fluctuations in work, for special projects, etc.

The Current Status of County Temporary Employees

On July 13, 1999, Miami-Dade County created A.O. 7-35 that governs the administrative use of temporary, contractual personnel. The intent was to provide administrative policy directive to ensure that temporary employees encumbering positions of a more permanent nature were afforded the rights and protections of regular full-time County employees. Pursuant to such rules and regulations, County staff was to provide a monitoring procedure wherein the Office of Management and Budget (now known as the Office of Strategic Business Management) and the Employee Relations Department (ERD) must approve the appointment of contractual employees that exceed six months and evaluate positions that extend beyond one year to determine whether the establishment of a permanent full time position would be warranted.

- A survey conducted by ERD (pursuant to a request by the Board of County Commissioners) shows that contractual employees average eight (8) months per employee, ranging from one (1) day to 105 months.
- Clearer guidelines regarding the use of temporary employees would help to ensure that these temporary workers would not remain longer than permitted by the project description.
- Requiring each department to explicitly budget for the anticipated use of temporary workers and to have a specific process for transferring funds from other budgeted items when additional funds are required would assist in monitoring the use of these types of services.

Under Temporary Services Contract No. 6181, the County has the option to hire a temporary employee as a County employee for a finder's fee of \$500. Payment of a finder's fee is required only when the County employs a temporary employee within a twelve (12) week period for a specific position.¹

Alternatives to Use of Contracted Temporary Employees

The State of Florida uses in-house temporary personnel services via a department of "Other-Personnel-Services," or OPS, which provided temporary employment under certain conditions.² The State of Florida uses this office as an employer/employee relationship solely for the accomplishment of short term or intermittent tasks. These types of temps do not have the benefits of paid annual leave, sick leave, holidays, participation in group insurance, Florida Retirement System, and reinstatement rights or retention rights. The OPS classification was 7.6% of the States workforce in 1999.

- Miami-Dade County has a similar category for temporary services: County Temporary Classification do not receive any benefits. As of June 2003, there were only 26 County temporary employees as opposed to 997 agency temps. ERD has considered this option, but prefers to operate under the current contractual arrangements.

Conclusion

Analysis of statistics (as of June 2003) provided by the Employee Relations Department regarding the County department use of temporary services indicates that usage of temps is generally less expensive than "County full-time employee with benefits". Thus, in a purely economic sense, the continued use of contracting temporary services remains cost-effective at this time.

In a social policy context, these employees continue to provide this service to Miami-Dade County without having the ability to receive the benefits as a county employee. The hourly comparison per occupation is attached for your review (See Attachment 2). According to data provided by ERD (current as of July 9, 2003), there are various departments that have used temporary services employees far more than the A.O. provides for (6 months) for what is not truly a temporary position (See Attachment 3).

¹ Miami-Dade County Bid No. 6181-2/02-OTR-CW/SW

² See Attachment 1 State of Florida , Other Personal Service Temporary Employment, policy

Attachment I

OTHER-PERSONAL-SERVICE TEMPORARY EMPLOYMENT

WHAT IS OPS?

Other-Personal-Services (OPS) temporary employment is an employer/employee relationship used solely for the accomplishment of short term or intermittent tasks. OPS employees do not fill established positions nor are they assigned the duties of any vacant authorized position.

HOW ARE OPS EMPLOYEES DESIGNATED?

Each OPS temporary employee shall have their name, social security number, employment category, employment commencement date, and number of hours maintained by the Department of Management Services in accordance with Section 110.131(5), Florida Statutes.

HOW ARE OPS EMPLOYEES PAID?

OPS employees are paid for the actual number of hours they work. All work hours over 40 within a workweek are paid at one and half times the employee's hourly rate of pay when the position is designated as "included". Physicians, lawyers, teachers and certain highly paid (minimum \$27.63 per hour) computer-related occupations may be paid on an hourly basis and still maintain exempt status and not be subject to the FLSA overtime provisions.

HOW MANY HOURS CAN OPS TEMPORARY EMPLOYEES WORK?

An OPS Temporary employee can work up to 1040 hours and may receive authorization to work beyond the 1040 hour limit provided the employee meets the criteria for extension referenced in Chapter 60L-33.005, Florida Administrative Code (FAC). This criteria covers the following conditions:

- The agency requested a full-time equivalent (FTE) position in its legislative budget request to permanently fulfill the duties of the OPS position, and the Legislature has not previously rejected such a request.
- If employment is for a specific project originally scheduled for completion within 1040 hours but the project requires more time due to unforeseen documented circumstances, and would be further delayed by hiring and training a new OPS employee.
- If the employee possesses specific knowledge or skills in a mission critical area of expertise for which there is an immediate but not permanent need, and training a new employee is not cost-justified.
- If the employee is to perform the duties of a permanent employee on extended leave, and the services are still needed.

Approval of an extension beyond 1040 hours is required by the Office of Policy and Budget but the granting of the extension shall not guarantee approval of later requests for extension for the same employees.

OPS employees in the following categories are **NOT** subject to the 1040 hour cap: certain health care practitioners; students; Board Members; consultants; seasonal employees; institutional clients; employees dealing with an emergency situation affecting public

health, safety and welfare; employment for a specific project identified by statute, appropriation or time-limited grant; the Board of Trustees of the Florida School for the Deaf and the Blind, and employees of the Division of Blind Services.

WHAT BENEFITS ARE APPLICABLE TO OPS EMPLOYEES?

- Participate in FICA social security and Medicare. (mandatory)
- Workers Compensation (mandatory)
- Unemployment Compensation (mandatory)
- Participate in Deferred Compensation (voluntary)

WHAT BENEFITS ARE NOT APPLICABLE TO OPS EMPLOYEES?

- paid annual leave
- paid sick leave
- paid holidays
- participation in group insurance
- participation in the Florida Retirement System
- reinstatement rights or retention rights

Data provided by the Manager's office on June 20, 2003. The Living Wage Column adjusts the Agency Temp Pay Rate into compliance with the County's LW Ordinance. It should be noted that not all of the contracts have the LW incorporated but they should all be in compliance upon extension or when the contract is re-awarded. the 2003-2004 LW with Health Benefits is \$9.25 and \$10.59 if no Health Benefits are provided.

Data provided by the Manager's office on June 20, 2003. The Living Wage Column adjusts the Agency Temp Pay Rate into compliance with the County's LW Ordinance. It should be noted that not all of the contracts have the LW incorporated but they should all be in compliance upon extension or when the contract is re-awarded. the 2003-2004 LW with Health Benefits is \$9.25 and \$10.59 if no Health Benefits are provided.

Data provided by the Manager's office on June 20, 2003. The Living Wage Column adjusts the Agency Temp Pay Rate into compliance with the County's LW Ordinance. It should be noted that not all of the contracts have the LW incorporated but they should all be in compliance upon extension or when the contract is re-awarded. the 2003-2004 LW with Health Benefits is \$9.25 and \$10.59 if no Health Benefits are provided.
